

[Docket No. TM96-1-2-001]

**East Tennessee Natural Gas Company,
Notice of Filing**

November 30, 1995.

Take notice that on November 27, 1995, East Tennessee Natural Gas Company (East Tennessee) submitted Substitute Fifth Revised Sheet No. 4 of its FERC Gas Tariff, Second Revised Volume No. 1. Revised Sheet No. 4 reflects the reduction of the current demand and commodity adjustments under Article 25 of its General Terms and Conditions. East Tennessee requests an effective date of November 1, 1995.

On September 29, 1995, East Tennessee Natural Gas Company filed Fifth Revised Sheet No. 4 to implement its Annual Transportation Cost Rate (TCRA) Adjustment for service under its Rate Schedules FT-A and FT-GS, as well as revised surcharges for amortization of the demand and commodity balances of its Unrecovered Transportation Cost Account. On October 27, 1995, the Commission issued an order accepting and suspending the filing to be effective November 1, 1995, subject to refund and conditions, and establishing a technical conference.

With this filing, East Tennessee is proposing a reduction in its projected demand and commodity expense for the period November 1, 1995 through October 31, 1996. These reductions as more fully described in its filing result in current adjustments of zero. East Tennessee proposes no change to its demand or commodity surcharge adjustments of negative \$.01 and negative \$.0013, respectively, filed September 29th.

East Tennessee further submits that on November 21, 1995 it filed with the Commission to suspend East Tennessee's obligation to respond to the Commission's data response on November 27, 1995, pending the instant filing of revised tariff sheets and Atlanta's withdrawal of its protest and request for technical conference.

East Tennessee states that copies of the filing have been mailed to all affected customers and state regulatory commissions.

Any person desiring to make any protest with reference to said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with § 385.211 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211. Under § 154.209, all such protests should be filed on or before December 11, 1995. Protests will be considered by the

Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Copies of this filing are on file and available for public inspection.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. CP96-86-000]

**National Fuel Gas Supply Corporation;
Notice of Request Under Blanket
Authorization**

November 30, 1995.

Take notice that on November 24, 1995, National Fuel Gas Supply Corporation (National), 10 Lafayette Square, Buffalo, New York 14203, filed in Docket No. CP96-86-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.211) for authorization to construct and operate a sales tap connection for the delivery of gas to William Baird, a new residential customer of National Fuel Gas Distribution Corporation (Distribution), on National's Line N-M54, in Sandy Lake Township, Mercer County, Pennsylvania, under the blanket certificate issued in Docket No. CP83-4-000, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

National estimates that total deliveries to be delivered through the proposed facility is 150 Mcf annually pursuant to National's Rate Schedule EFT. National asserts that this service will have a minimal impact on its peak day and annual deliveries. National claims that the volumes to be delivered at the proposed tap will be within the certificated entitlements of National's customer, Distribution. National states that Distribution is authorized to transport gas on behalf of William Baird. National estimates that the total cost of construction for this tap will be approximately \$1,500, for which National will be reimbursed by Distribution.

National asserts that it has received the applicable environmental clearances to perform construction of residential sales taps in Pennsylvania.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice

of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket Nos. CP96-81-000, CP96-83-000,
and CP96-84-000]

**Norteño Pipeline Company and
Western Gas Interstate Company;
Notice of Applications**

November 30, 1995.

Take notice that on November 22, 1995, Norteño Pipeline Company (Norteño) and Western Gas Interstate Company (WGI) (collectively Applicants), both at 504 Lavaca Street, Austin, Texas 78701, filed in Docket No. CP96-81-000, a joint application pursuant to Sections 7(c) and 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations for certifications of public convenience and necessity and for an order granting permission and approval to transfer facilities and services. By this application, Norteño requests a certificate of public convenience and necessity authorizing it to acquire and operate certain WGI facilities and to perform the services of WGI, and to transport and sell natural gas for resale in interstate commerce in the same manner as conducted by WGI. WGI has requested companion authority to transfer certain of its jurisdictional facilities, operations and services to Norteño. In addition, Norteño requests (1) a blanket certificate pursuant to Part 284, Subpart G of the Commission's Regulations authorizing the transportation of natural gas on behalf of others, and (2) a blanket certificate pursuant to Part 157, Subpart F authorizing certain construction and operation of facilities, sales arrangements and certain certificate amendments and abandonment under Section 7 of the Natural Gas Act.

Pursuant to Sections 153.1 and 153.10 through 153.12 of the Commission's Regulations, and Executive Order 10485, as amended by Executive Order

12038, and Secretary of Energy Delegation Order No. 0204-112, Applicants, in Docket No. CP96-83-000, request authorization for Norteño to succeed to the Presidential Permit issued to WGI in Docket Nos. CP69-236 and CP91-2126-000. The Presidential Permit covers the operation of pipeline facilities at the United States-Mexico border. The authorization sought by this application does not seek any change in the terms and conditions of WGI's existing Presidential Permit apart from the succession of Norteño as the holder of that authority.

In addition, pursuant to Section 3 of the Natural Gas Act and Sections 153.1 through 153.8 of the Commission's Regulations Applicants, in Docket No. CP96-84-000, request authorization to succeed to all of WGI's existing authorizations to import and export natural gas. The authorization sought by this application does not seek any change in the terms and conditions of WGI's existing import and export authority apart from the succession of Norteño as the holder of that authority. All of this is more fully set forth in the applications which are on file with the Commission and which are open to the public for inspection.

Applicants request that these authorizations be made effective no later than April 1, 1996, the first fully day of operation of Norteño. In addition, Applicants state that the sole purpose of these applications is to restructure WGI as a natural gas company by transferring certain of its system operations to Norteño. Applicants further state that the proposed applications will have no adverse impact on any of the existing services of WGI and there will be no disruption or interruption of current services.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 21, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 3, 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on these applications if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificates and permission and approval for the proposed authorizations and abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. GT96-34-000]

Transcontinental Gas Pipe Line Corporation; Notice of Proposed Changes in FERC Gas Tariff

November 30, 1995.

Take notice that on November 22, 1995, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing certain revised tariff sheets to its FERC Gas Tariff, Original Volume No. 2, which tariff sheets are enumerated in Appendix A attached to the filing. The proposed effective date of such tariff sheets is January 1, 1996.

Transco states that the purpose of the instant filing is to terminate Section 7(c) firm transportation service under Rate Schedules X-287 and X-288 and to convert such services to service provided under Rate Schedule FT pursuant to Transco's blanket transportation certificate and Part 284 of the Commission's Regulations effective January 1, 1996. In that regard, Transco and its APEC shippers have agreed that, as part of the conversion process, converting APEC shippers will be entitled to elect annual firm transportation service in lieu of seasonal (November 15 through March 31) service. Long Island Lighting Company (LILCO) and New Jersey Natural Gas Company (New Jersey) have notified Transco of their election to convert their

APEC service to annual firm transportation service.

Transco states that the rates applicable to the converted service are the generally applicable charges under Rate Schedule FT (including fuel), plus reservation and commodity rate surcharges as set forth on Original Sheet No. 40E to Transco's Third Revised Volume No. 1 Tariff. Original Sheet No. 40E sets forth the charges applicable to APEC firm transportation service which has been converted from individually certificated Section 7(c) firm transportation service to annual firm transportation service under Transco's blanket certificate and Part 284 of the Commission's regulations.

Transco states that copies of the filing are being mailed to LILCO, New Jersey and interested State Commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E. Washington, D.C. 20426, in accordance with §§ 385.214 and 385.211 of the Commission's Rules and Regulations. Under Section 154.209, all such motions or protests should be filed on or before December 4, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

BILLING CODE 6717-01-M

[Docket No. IS94-32-000]

Chevron Pipe Line Co.; Notice of Informal Settlement Conference

November 30, 1995.

Take notice that Commission Staff will convene an informal settlement conference in this proceeding on December 6, 1995, at 11:00 a.m., at the offices of the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C.

Any party, as defined by 18 CFR 385.102(c), or any participant, as defined in 18 CFR 385.102(b), may attend. Persons wishing to become a party must move to intervene and receive intervenor status pursuant to the Commission's regulations, 18 CFR 385.214.
